Re: Bellfounders of Compostela

Dear Dr. Llopó,

We have pleasure to inform you that the copy of the biggest bell of the cathedral of Santiago de Compostela will be cast in our foundry on Thursday 21st December next at 15.00 hrs.

Regrettably you will not be able to witness this occasion and a team of the Spanish Police will be present during this happening. With a view to the importance of this day for the Spanish bell industry and the important role you have in supplying castles to bells we have the honour to invite you to our foundry in order to witness this occasion.

We kindly request you to let us know as soon as possible whether you are able attend to this important day.

Awaiting your favourable reply, we remain,

with kind regards,

Royal Eijsbouts

Ing. Pieter A. den Hollander
