

Orfeó El Micalet

Concert de Nadal

14.12.2024 - 19:30 h.

Ermita de Santa Llúcia
Carrer Hospital 15, València

Orfeó El Micalet

Des de la seua fundació a l'any 1893, han anat succeint-se diverses etapes. Salvador Giner i Vidal, compositor valencià, li dedicà diverses obres, dirigint l'Orfeó en algunes actuacions. Més tard, als anys 50, va fer-se càrrec de la direcció de la coral un altre compositor valencià de renom, Francisco Llàcer Plà.

De les seues interpretacions remarcuem, La Cantata Escènica "YBN YUBAYR"; Tirant Lo Blanch; D'Un Temps d'Un País; l'Òpera Roderic de Borja: Alexandre VI; En Lo Temps de Sant Vicent: Petjades de Lluís amb cançons de Lluís Llach; Un Tall d'Al Tall "L'Univers de l'amor"(Novembre 2022), "Trista Història" i Campanades a Morts, integrades amb dues en l'espectacle "Música contra la guerra" (Maig 2023). A Maig de 2024 va actuar a Tortosa en la estrena del Poema Simfònic "Estellés al Cor". Tot això amb música original o versions corals de Miquel Juan Garcia que està al càrrec de la direcció musical des de l'any 2003.

Director: Miquel Juan Garcia

Ermita de Santa LLúcia

Confirmada a final del segle XIV per Martí l'Humà, la confraria de Santa Llúcia conserva des d'aquell moment la seua ermita i casa de la confraria, que dedica al culte i la cultura.

L'ermita és un espai compartit i de referència no sols per al barri de Velluters, la ciutat de València i l'Horta, sinó més enllà des de temps immemorials. La festa principal és el 13 de desembre, i la tabalà de la vespra obri el cicle de festes de Nadal.

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000). The number of people aged 65 and over is expected to increase to 16.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people, and the need to ensure that they are able to live independently and actively in their own homes for as long as possible. This has led to a number of initiatives, including the development of new housing and care services, and the implementation of policies aimed at promoting the independence and well-being of older people (Department of Health 2000).

One of the key areas of concern is the need to ensure that older people have access to the services and support that they need to live independently and actively in their own homes. This includes access to housing, care services, and social and community activities. The Department of Health (2000) has identified a number of key areas of concern, including the need to ensure that older people have access to the services and support that they need to live independently and actively in their own homes.
